#basiccolor #basiccolorimetry #foundationcolor

BEGINNING COLOR

A day-long course which teaches **all of the fundamentals of color services:** from basic colorimetry concepts to the key steps for preparing the client and applying the color.

These fundamentals are then put into practice using head blocks in order to **learn the methods and manual skills** so that participants can return to the salon ready to work productively and autonomously.

Sens.ùs continues to increase its focus on **environmental impacts** and protection (ISO 14001), so this day-long course will also cover topics regarding how to properly discard waste.

TOPICS

DURATION: 1 day

Mo. OF PARTICIPANTS: 8 to 16

✤ YOU WILL NEED:

4 sections/colors head block, hairdryer, brushes, hair straighteners, combs and personal equipment

colorimetry color application methods manual skills

BEGINNING CUT

This course covers the basic concepts for **approaching salon hair cutting services.**

After an introduction explaining how to correctly use the tools (combs and scissors) and how to prepare the client, you will **practice the main cutting techniques on the head block** (one length, layers, graduated) and learn the concepts of perimeter, angles, and volume.

Sens.ùs continues to increase its focus on environmental impacts and protection (ISO 14001), so this day-long course will also cover topics regarding how to properly discard waste.

DURATION: 1 day

No. OF PARTICIPANTS: 8 to 16

✓ YOU WILL NEED:

brown 40 cm head block, scissors, hairdryer, brushes, hair straighteners, combs and personal equipment
